

AREAS WITH POTENTIAL FOR PINYON-JUNIPER BIOMASS IN NYE COUNTY, NEVADA

Sources:

The pinyon-juniper data are from the Southwest Regional GAP analysis project. The dataset (nv_gap_2001.img) was downloaded from URL: http://www.epa.gov/esd/land-sci/nv_geospatial/pages/nvgeo_gisdata.htm. Multi-season Landsat ETM+ satellite imagery from 1999 - 2001 were used in conjunction with digital elevation model (DEM) datasets to model natural and semi-natural vegetation.
